### FLYING PLANK

Donated by: Phyllis Cameron estate

Country of Origin - Design: USA

Country of Origin - Manufacture: Australia

Designer: Al Backstrom

Constructor: Cliff Brown

Year of Manufacture: 1957/58

The "plank" is one of a few flying wing gliders. There is not much known about these, except to say pilot

For many years this example was a gateway guardian at the late Ed McKeough's service station at Wan

Much restoration work has been performed by John King to bring the plank up to display condition only.
